

Landscape Architect – Consultant or Senior Consultant

London or Bristol-Based Role

Based in our London or Bristol office, with the opportunity for some home working.
Full or part-time hours (minimum of 4 days per week)

The Company

At Logika we work as one team alongside our sister companies Noise Consultants Ltd and Air Quality Consultants Ltd; we see flexibility and collaboration as essential to our continued success and we manage the Group of companies as if a single entity. We provide people with the opportunity to progress and work on interesting projects with a wide range of valued clients who operate in a variety of sectors.

The Role

We are seeking an ambitious Landscape Architect with minimum of 3 years' experience to join our growing multidisciplinary team of sustainability-focused designers and environmental consultants.

We would consider more senior roles for the right candidate.

About You

The successful candidate will work closely with our ecologists, water management, air quality and noise specialists to help deliver cutting-edge designs solutions and sustainable outcomes. They will be involved in a range of exciting projects, such as green and blue infrastructure strategies for large-scale masterplans and landscape designs for housing, hospitals, leisure and commercial developments.

The role also includes supporting the wider Logika Group with the production of visually appealing communication material for various purposes including marketing, presentations and bids; and therefore, good graphic design and knowledge of Adobe InDesign and other software will be important.

Key Requirements:

- A degree and post-graduate qualification in Landscape Architecture.
- Chartered Membership of the Landscape Institute (or recognised international equivalent) - preferred but not essential.
- An interest in sustainability and some knowledge of designing for biodiversity and SuDS.
- An ability to write clearly and concisely, with excellent vocabulary and grammar.

- Ability to produce compelling presentations, drawings, reports and marketing material with a good eye for layout.
- Excellent computer skills including AutoCAD, Adobe Creative Suite and Microsoft Office as a minimum.
- Good project management and communication skills.

What We Offer

We are a growing Group of companies that wants to do things differently, with an exciting future that will help you shape and realise your ambitions. You will have a great opportunity to work with a talented and dedicated team and be able to develop your career as the company grows.

We ensure we can support our employees through offering wellbeing programmes and policies that support individuals. These include flexible working, trained mental health first aiders and readily available support through our Employee Assistance programme.

Furthermore, along with a competitive salary, we offer a benefits package which includes an enhanced pension scheme, death in service life cover, discretionary bonus scheme and much more.

Logika Consultants Equal Opportunities Policy is to ensure that no applicant receives less favourable treatment on the grounds of age, disability, gender, reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation.
